WelcomeTAFT VISITS FORT  
MACKENZIE, WYO.

Has Been Out Five Weeks  
Now, but Trip Is Not  
Yet Through

Sheridan, Wyo., Oct. 20.—President Taft and party re-entered Wyoming today. He was met here by United States senator Warren and congressman Mondell, who will escort him through the remainder of the state. The local program included an inspection of Fort Mackenzie and a speech at the city hall.

Although today marks the end of five weeks of traveling, the president still has several thousand additional miles to cover before leaving Pittsburgh on his supplemental trip.

Secretary Hilges and others close to the president are deeply interested in the reception being planned for Mr. Taft in South Dakota, Wisconsin and Minnesota.

In the reception line on the station platform here when the Taft train came in was Curley, the Crow scout, who is supposed to have been the only man with Gen. Custer to escape the Little Big Horn fight. Curley reported the news of the massacre of the Custer command. Mr. Taft shook hands with him as he passed.

STRIKE MAY SPREAD  
TO THE ROCK ISLAND

Labor Leaders in Kansas  
City Say Strike Vote  
Is Being Taken

Kansas City, Mo., Oct. 20.—Labor leaders here announced that the five allied crafts of shopmen now on strike along the Harriman railroads are preparing to strike on the Rock Island system and that a strike vote is being taken.

The proposed strike would add between five and ten thousand men to the number already out.

It is said in labor circles that other roads are likely to be involved in the strike before it is settled.

"The trouble on the Rock Island system is not the same as the Harriman trouble," J. A. Franklin, president of the boilermakers' union said today. "There is a question of wage increase involved in the Rock Island trouble. The federation is interested in the same as in the present strike, but it is incorrect to say that the Rock Island men are striking from sympathy."

Mr. Franklin said the wage question involved a sliding scale and was so complicated that it would be hard to say just how much increase is being asked at this time.

REBELS ATTACK MEXICAN  
TOWN; RURALES VICTORIOUS.

Mexico City, Mex., Oct. 20.—A short time after the small force of rurales had occupied Toluca, the little town in the state of Tabasco, where an insurrection was inaugurated a few days ago, a mob of rebels attacked the place. They were repulsed by the rurales.

The governor has urged the government to rush troops to San Juan Rastro, capital of Tabasco, stating that he fears it will be attacked by insurgents. Unconfirmed telegrams to the imperial tonight report an uprising in the adjoining state of Yucatan.
